## PB Cravers like You: Angel Poling—Life According to Greenvics

To Angel Poling, peanut butter is usually just...peanut butter. But after receiving a shipment of [PB Crave](#) gourmet peanut butter, she's singing a different tune.

She received all [four flavors](#)—Razzle Dazzle, Cookie Nookie, Choco Choco, and Coco Bananas—each with their own way of satisfying your most aggressive sweet tooth.

Her favorite, Cookie Nookie, blends cookie dough, wild honey, chocolate chips, and peanut butter. And she didn't just eat PB Crave with a spoon, right from the jar. She put the all-natural peanut butter on crackers before bed time, and even added a cherry on top.
