AVerTV Hybrid Volar MAX- TV Tuner Kit for Windows® Your Hybrid USB TV Tuner Starter Kit for Windows® 7 Media Center

Create your splendid moments!

Thanks to the support of Digital TV (ATSC) or Unencrypted Digital Cable (ClearQAM*) reception; the AVerTV Hybrid Volar MAX is the ideal travel mate for viewing High Definition TV on the go. With Microsoft Windows Media Center, users will enjoy breathtaking and glorious TV viewing.

Add this TV tuner to Windows® 7 (Home Premium, Professional or Ultimate) to turn your PC into a powerful Digital Video Recorder. Watch Analog and Digital TV channels plus radio and record your favorite programs.

Enjoy Unencrypted Digital Cable (ClearQAM*) and Over-the-Air Digital TV in HD Quality Video

With Unencrypted Digital Cable (ClearQAM) support, you can easily enjoy more Digital Cable entertainment and view "ClearQAM" Digital TV Cable channels with HD quality. Beyond that, while watching Free Over-the-Air Digital TV programs, you can easily use the TimeShift features to control HDTV programs on your PC.

* ClearQAM for Windows® Media Center TV Pack 2008 and Windows 7

I ♥ TV on my PC
My favorite TV channels... on my own time.

Windows® 7 Media Center

Enjoy your entire digital entertainment library in full glory on your PC or even on your TV with Windows Media Center. View your photos in a cinematic slide show, browse your music collection by cover art, easily play DVDs, **watch and record TV shows**, download movies, and project your home videos—then

pass the remote* to let friends and family join in the fun!

Just turn it on.
