## GB2001 Piezo Electronic Torch

### DANGER EXTREMELY FLAMMABLE

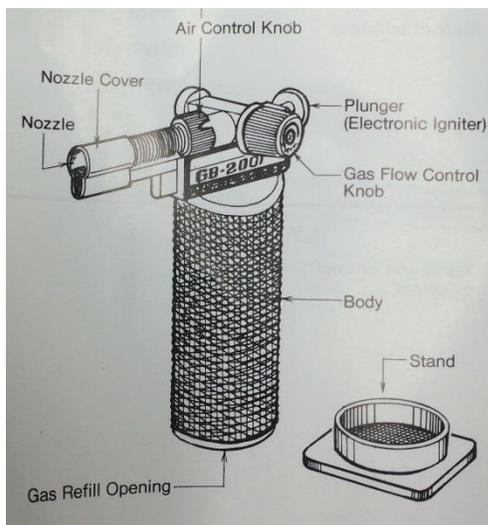

WILL CONTAIN BUTANE GAS

WARNING - UNDER PRESSURE

DO NOT PUNCTURE OR INCINERATE CONTAINER. DO NOT EXPOSE TO HEAT OR STORE AT TEMPERATURE ABOVE 120°F

KEEP OUT OF THE REACH OF CHILDREN

**Important:** Read and follow all operating instructions and familiarize yourself with this tool before igniting. Review instructions and cautions periodically to maintain awareness. Do not attempt to operate this tool before reading instructions. Keep this tool out of reach of anyone who has not read warnings and operating instructions.

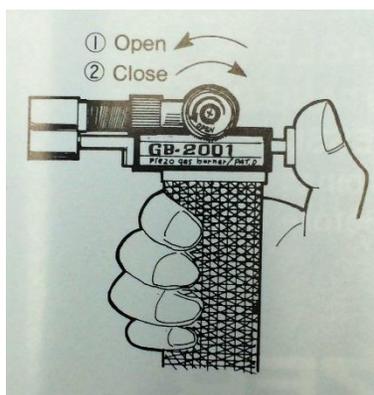

### Parts Identification

Overall dimensions: 85 (W) x 143 (H) x 46 (D)

Grip Diameter: 36 mm

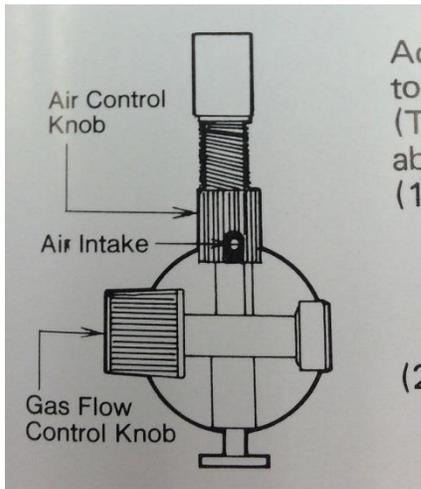

Weight: 214 grams (including 26 grams of fuel)

Maximum Flame Length: 100 mm +/- 20mm

### Ignition and Shut-Off

- (1) Slowly turn the gas flow control knob to the left (CCW), and fuel gas will blow out with a hiss.
- (2) Push the ignition lever forward, and the gas will be ignited electronically with a snapping sound.
- (3) For shut-off, turn the gas flow control knob to the right (CW) and close it securely.

### Thermal Power Control

Adjusting the thermal output. (The highest temperature attainable will be about 2,500°F)

After ignition, turn the Air Control Knob either Clockwise to the right or Counter Clockwise to the left for necessary thermal power adjustments. This will provide a softer yellow flame.

### Gas Refilling

Use **Blazer® Brand Butane** gas, or comparable premium grade butane, for best results. Shake butane canister a few times to warm up fuel, insert the canister nozzle vertically down into the gas refill opening found at the base of the torch.

Move the nozzle slightly up and down to release the butane. Stop refilling when the fuel gas starts to overflow. Typically 5-10 seconds. The GB2001 plastic base can then be reattached.

### WARNING:

The GB2001 should be handled by literate adults, or under constant adult supervision. It is essential that the following operating procedures be read and understood before attempting to light or use the **BLAZER® GB2001** torch. These procedures **MUST** be carefully observed in order to promote safe usage.

- Keep out of the reach of children
- Contains Flammable butane gas
- Do not store near heat.
- Keep Torch away from sparks when igniting
- Keep **BLAZER®** gas torch away from open fires and avoid temperatures over 50 degrees C.
- Do not expose to the sun for a long period
- **BLAZER®** gas torch has been adjusted for perfect functioning.
- Do not make technical changes
- When refilling keep away from open flame or sparks
- Please make sure after using **BLAZER®** gas torch that the gas flow control knob is firmly closed and the flame completely extinguished.

## LIMITED WARRANTY

**BLAZER**® products warrants each **BLAZER**® **GB2001** torch and parts thereof manufactured for it or included with it, to be free from defects in material and workmanship, under normal use and service, for a period of no more than one (1) year from the date of retail purchase. If for some reason trouble should develop do the following:

Return the defective part postage prepaid to **BLAZER**® Products, enclose \$5.95 for handling and postage. Enclose a note telling us what the problem is. If our inspection shows that the part or piece is defective, we will make all necessary repairs free of charge or replace it at **BLAZER**® Products sole option. This warranty does not apply to the outer finish of your torch. To obtain service under this warranty please return torch with information as to date, name, and location of purchase and your receipt. If we feel your problem is not covered by our warranty we will inform you of sure and why and estimate how much it will cost to repair. If agreed we will repair. **BLAZER**® Products will not be liable for any consequential damaged resulting from the use of its torch.

**BLAZER**® Products offers this warranty in lieu of all other express or implied warranties including warranties of merchantability or fitness to be in effect only for the duration of the express warranty set forth in the above. We cannot exchange or replace or service merchandise that is obsolete, discontinued, or in any way different than items on the currently effective price list.
