

Remote Switches

GP-Remote | GP-SW Remote | GP-SWR-B

-For Modified or Sine Wave Inverters
-To remotely power appliances in your RV, boat, car and truck

Go Power!™ Remote Switches

GP-Remote

The Go Power! Remote can be used for the modified GP-1750HD and GP-3000 inverters. It features an LED indicator showing inverter status, on/off switch and 25' of cable that plugs into the inverter.

GP-SW-Remote

The GP-SW-Remote has the same features as the GP-Remote. The GP-SW-Remote also allows you to activate the Power Save feature. Perfect for your sensitive electronic loads, the GP-SW-Remote is an option for the GP-SW1500 12 or 24 volt.

GP-SWR-B Remote

The new GP-SWR-B Remote features an LED bar graph. Either can be used with the GP-SW1000, GP-SW2000 and GP-SW3000. Includes Battery Indicator and Power Output Indicator. Available in 12 and 24 volt models.

Remote Switches are (left to right); the NEW GP-SWR-B Remote for GP-SW1000, GP-SW2000 and GP-SW3000 Inverters, the GP-SW Remote and the GP-Remote.
