

# Avery®. Your best solution for GHS labeling.

Hark Industries  
1919 Empire Ave.  
Anaheim, CA 92806  
(123) 456-7890

#### PRECAUTIONARY STATEMENTS

Keep away from heat, flames, sparks. Wear protective gloves and face/eye protection. Avoid breathing fumes, gas or mist. Wash hands thoroughly after handling.

#### RESPONSE

**If on skin:** Wash skin after handling. If irritation occurs, seek medical attention. Remove contaminated clothing and wash before reuse.

**If swallowed:** Immediately call a poison center or doctor. Remove contact lenses, if present and easy to do. Call a poison center or doctor.

**If inhaled:** Remove victim to fresh air. If breathing has stopped, give artificial respiration. Get medical attention.

**In case of fire:** Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide for extinction.

**STORAGE:** Store locked up, in a cool, well-ventilated place. Keep container tightly closed.

Dispose of contents to comply with local, state and federal regulations.

## Polyurethane Coating

### DANGER

Flammable liquid and vapor. May be fatal if enters airway or ingested. Causes skin irritation or allergic reaction. Causes serious eye irritation. May cause breathing difficulties if inhaled.

# Are Your Chemical Labels GHS Compliant?

The "Globally Harmonized System" (GHS) was established by the United Nations to create a unified system for identifying and communicating hazardous chemicals. In the U.S., OSHA set June 2015 as the deadline by which chemical manufacturers use compliant labels, followed by a deadline for distributors of December 2015 and end users by June 2016.

## Six Required GHS Label Components:

- 1 Product Name or Identifier
- 2 Signal Word – indicates severity of the hazard
- 3 Pictograms – symbols to convey hazard information (must have red diamond border)
- 4 Hazard Statement – describes the nature of the hazard
- 5 Precautionary Statement – measures to minimize or prevent adverse effects (First Aid included)
- 6 Supplier Information: name, address, phone number

# It's Simple to Create GHS Labels with Avery®

As a world leader in label products, Avery® has designed a line of labels specifically for GHS labeling applications, where high durability and adhesive performance is critical.

Extreme Temperatures

Wet Environments

Abrasion, Grit, Dirt

With strong marine-grade adhesive, Avery® UltraDuty™ GHS Chemical Labels pass the BS5609 protocol for 90-day seawater immersion. Waterproof, resistant to chemicals, abrasion, sunlight, tearing and harsh temperatures, they are ideal for GHS as well as other applications such as: OSHA safety signs, arc flash, tank, marine and outdoor workplace labels.

**Easily create and print GHS and other workplace safety labels on-demand with FREE Avery® Design & Print GHS Wizard.**

**HARK INDUSTRIES**  
Hark Industries

F.

G.

### D. UltraDuty™ GHS Chemical Labels, 3-1/2" x 5"

Four-up, 3-1/2" x 5" GHS labels are ideal for labeling chemicals in bottles, jugs and cans as well as other workplace labels such as OSHA/ANSI safety labels and arc flash labels.

Avery No.	Description	Label Qty.
Laser AVE-60503	3-1/2" x 5" - Easy Peel® Label Sheets	200/BX

### E. UltraDuty™ GHS Chemical Labels, 4" x 4" Print-to-the-Edge

Four-up, 4" x 4" square GHS labels are optimal for labeling chemicals in bottles, jugs and cans. With Print-to-the-Edge capability, they are also great for use as NFPA and D.O.T labels.

Avery No.	Description	Label Qty.
Laser AVE-60504	4" x 4" - Easy Peel® Label Sheets	200/BX

### F. UltraDuty™ GHS Chemical Labels, 2" x 4"

Ten-up, 2" x 4" GHS labels are the perfect choice for labeling chemicals in smaller bottles and containers. Easy Peel® makes it quick to peel and apply.

Avery No.	Description	Label Qty.
Laser AVE-60505	2" x 4" - Easy Peel® Label Sheets	500/BX

### G. UltraDuty™ GHS Chemical Labels, 2" x 2" Print-to-the-Edge

Twelve-up, 2" x 2" square GHS labels are well suited for labeling chemicals in small bottles and containers. With Print-to-the-Edge capability, they make the most of available space and are also great for use as GHS pictogram labels.

Avery No.	Description	Label Qty.
Laser AVE-60506	2" x 2" - Easy Peel® Label Sheets	600/BX

“Being **GHS compliant** is serious business. Avery® **UltraDuty™ GHS Chemical Labels** have what it takes to get the job done and help us stay compliant. They’re the toughest labels around and **withstand harsh conditions** of wet, cold, chemicals and more. Plus, with free online templates, we can **create and print GHS labels right here in the plant.**”

## Avery® Design & Print GHS Wizard makes it easy to create GHS labels at your desk.

Design

Print

Apply

Implementing GHS labeling can seem daunting, especially for small and medium businesses. Avery® UltraDuty™ GHS Chemical Labels along with FREE Avery® Design & Print GHS Wizard templates combine to simplify compliance labeling.

The free, easy-to-use GHS Wizard includes:

- All the pictograms and GHS compliant statements needed for GHS labeling
- Easy insertion of your own logo or other images
- Completely customizable text
- Simple generation of 18 types of barcodes, including EAN-13, UPC-A and Code 128
- A sequential numbering feature to add lot numbers or other variable data

You can print what you need on Avery® UltraDuty™ GHS Chemical Labels using a color printer (for ocean freight, use approved printers). Visit [avery.com/GHS](http://avery.com/GHS) for details.
